INVESTOR PRESENTATION

MAY, 2024

*We Believe In Growth Through
Innovation, Sustainability
And Acting Responsibly*

Certain statements in this document may be forward-looking statements. Such forward-looking statements are subject to certain risks and uncertainties like government actions, local, political, or economic developments, technological risks, and many other factors that could cause our actual results to differ materially from those contemplated by the relevant forward-looking statements. 20 Microns Limited will not be in any way responsible for any action taken based on such statements and undertakes no obligation to publicly update these forward-looking statements to reflect subsequent events or circumstances.

*“Empowering **Make in India** Initiative Through Developing Cost Efficient and Import Substitute Products”*

20 MICRONS AT A GLANCE

20 MICRONS®
L I M I T E D

One of the largest producers of
industrial minerals

9

Manufacturing Locations

2 State-of-the-Art R&D and
application testing centers
in Vadodara

Innovating products that
are cost-efficient and
import substitute

5 captive mines to source
raw materials

Global market reach with a
presence in more than
65+ countries

Human assets of the group 800+
comprising of in-house
R&D team

30+

years of experience offering innovative
products in the field of Functional Fillers,
Extenders & Specialty Chemicals

IMPRESSIVE TRACK RECORD OF GROWTH

BUILDING UPON A SUCCESSFUL LEGACY

MR. RAJESH C. PARIKH
Chairman & Managing Director

- ❑ Mr. Rajesh Parikh, a Mechanical Engineer, embarked on his professional journey with the company at the age of 27.
- ❑ In his role, he oversees the development of new products and formulates marketing strategies for their launch.
- ❑ His profound insights contribute significantly to the successful execution of business initiatives under his leadership.

MR. ATIL C. PARIKH
CEO & Managing Director

- ❑ Mr. Atil Parikh, holds an MBA in Finance from a reputed business school in California, USA. Since his association with the company he has been largely contributing in developing commercial strategies and revamping the organization structure bringing in higher efficiencies.

LONG LEGACY OF DELIVERING EXCELLENCE

20 MICRONS®
L I M I T E D

1990-1995

- Implementation of total quality systems
- Production capacities by **17,000 TPA**
- New manufacturing location installed at Vadadala with **18,000 TPA** capacity

1996-2000

- New manufacturing location installed at Hosur (South India) with **15,000 TPA**, diversified into Kaolin introduced a Pozzolan material

2001-2005

- New manufacturing location installed at Alwar with **6,000 TPA**.
- New manufacturing location installed at Tirunelveli with **6,000 TPA**.
- Started manufacturing new products like Synthetic Barium Sulphates, Aluminium Silicates

2006-2010

- Established new territories & sales channels in the European, North American, and Latin American Continents.
- 20 Microns began its operations in Ipoh, Malaysia for Calcium Carbonate

2016-2023

- Started manufacturing products LC 470 Pigment, Dorkafil C1, Low oil absorption Talc, Glowtox 50 Plus, Pure Micron Mica, Synthetic Redoxide, White Kaolin.
- Expanded operations in Malaysia and Vietnam for CaCO
- Inked deal with **Dorfner GmbH** for distribution of Hydrous Kaolin in 'rope and formed JV to strengthen international presence.
- Addition of roller mills leading to energy. cost efficiency. Exited Corporate Debt Restructuring.
- Inked deal with reputed Germany-based company "**Sievert Baustoffe Auslandsbeteiligungen GmbH Sievert**)" which specializes in construction chemicals and building related materials and has logistics solutions.

OUR BUSINESS MODEL

Revenue Generation

- Revenue is generated from sale of industrial minerals, specialty chemicals and branded products
- The company also generates revenue from sale of its products outside India.
- The company has formed strategic alliances and joint ventures with global players, which help to expand its business and generate revenue from new markets.

Key Activities

- 20 Microns invests in research & development to develop innovative products & processes that can be used in various industries
- The company works with close proximity with its customers to provide customized solutions based on their specific requirements

Cost Structure

- Raw material cost is ~50% of the revenue
- Other major costs are power & fuel, freight & logistics accounts

Customers

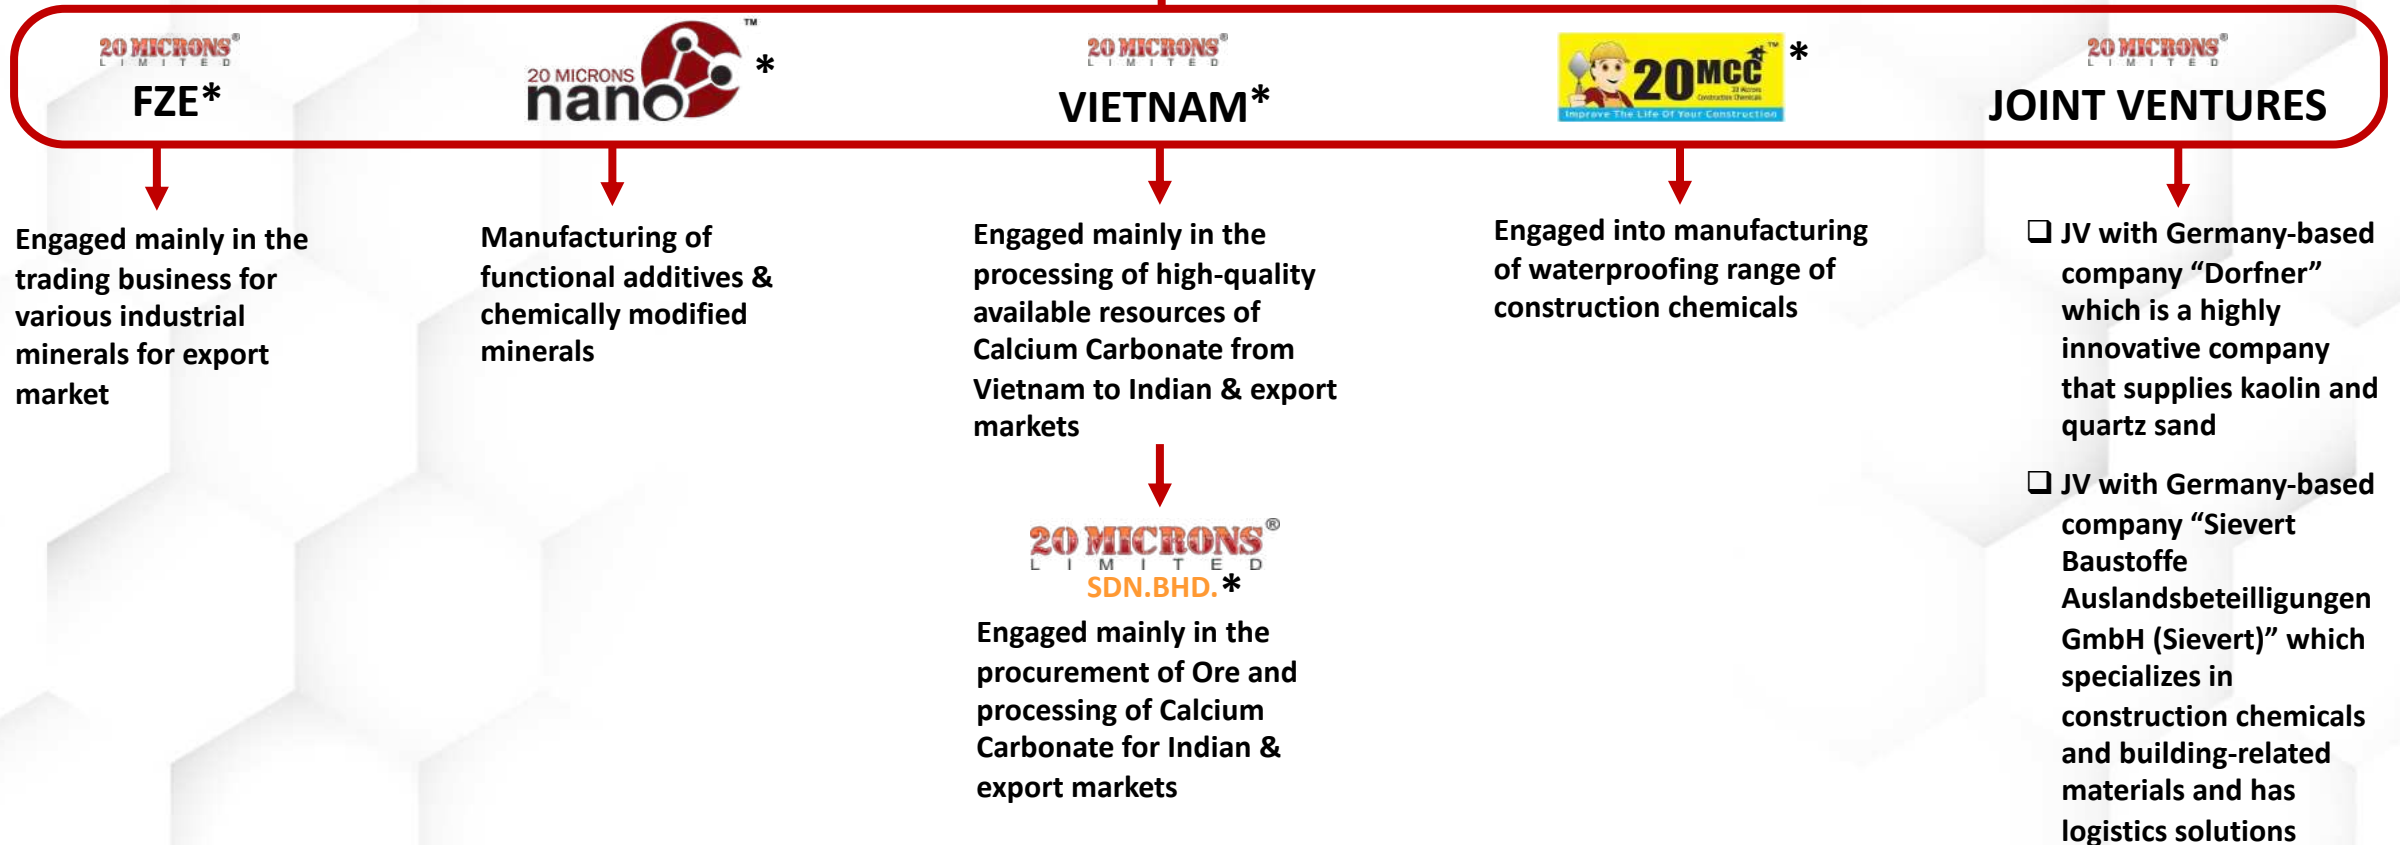

- The company is majorly into B2B operations and caters to leaders in paints, polymers, rubber, ceramics and other industries

Key Resources

- Mines
- Technology & R&D prowess
- Human Resources
- Trusted Brand Image

OUR GROUP STRUCTURE

* Wholly owned subsidiary

Company Overview

A subsidiary positioning itself with a diversified portfolio mix of soft industrial minerals, functional additives & specialty chemicals

Research & technology-based company leading the industry revolution by working towards nano sizing chemistry taking the leap from sub-micron technology being used by its parent company

Business Mix

Soft Minerals

Over a decade of expertise with a range of industrial minerals like Bentonite siliceous Earth, Attapulgite, Hydrous Kaolin and other minor minerals.

Specialty Chemicals

Expanding range of diverse specialty chemicals under the backbone of strong R&D including waxes, thickeners, matting agents and a wider range of other specialties.

Sectors

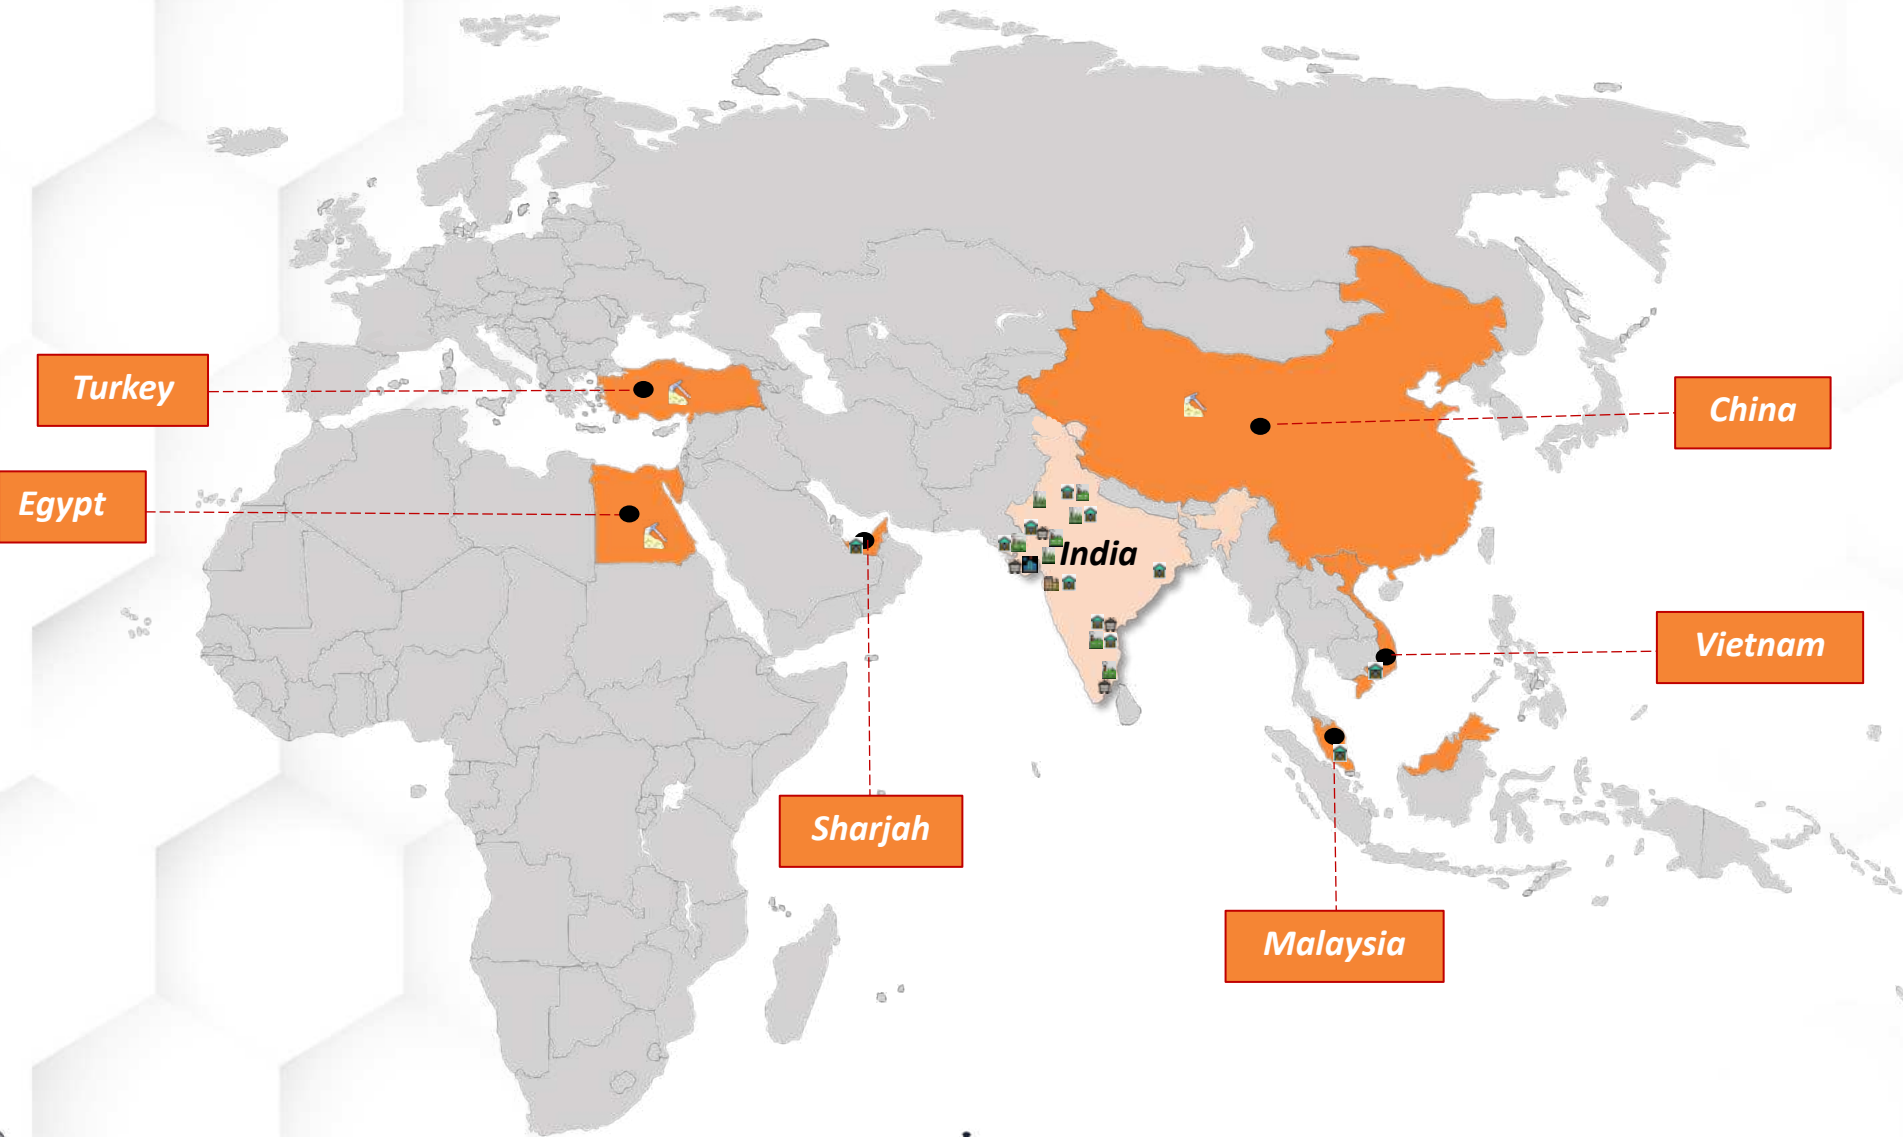

- ☐ Filter Aid
- ☐ Phosphoric Acid Purification
- ☐ Agrochemicals
- ☐ Ceramics
- ☐ Rubber
- ☐ Electricals
- ☐ Printing Inks
- ☐ Paints & Coatings
- ☐ Plastics & Polymers
- ☐ Piling & Construction
- ☐ Grease
- ☐ Poultry & Animal feed
- ☐ Foundry
- ☐ Oil Well Drilling

Key Metrics of FY24

- ☐ Revenue from Operations - ₹ 921.40 mn
- ☐ EBITDA - ₹ 106.10 mn
- ☐ EBITDA Margins – 11.52%
- ☐ PAT - ₹ 32.40 mn
- ☐ PAT Margins – 3.52%

OUR LOCATION

	Head Quarter (Vadodara)
	Corporate Office (Mumbai)
	Manufacturing Unit (Alwar, Makrana, Haldwani, Udaipur, Bhuj, Waghodia, Vadadala, Hosur, Tirunelveli)
	Office / Warehouse (Delhi, Haldwani, Swaroopgunj, Mundra, Kolkata, Mumbai, Anantpur, Chennai, Malaysia, Vietnam, Sharjah)
	Sourcing Point (Egypt, Turkey, China)
	Mining Resources (Rajasthan, Gujarat, Tamil Nadu, Andhra Pradesh)

OUR PRODUCT OFFERINGS

20 MICRONS®
L I M I T E D

VERSATILE AND COST-EFFICIENT PRODUCTS

1

Industrial Minerals

- Calcium Carbonate
- Natural Baryte
- Natural Talc
- Natural Mica
- Natural Silica
- Calcined Kaolin

- White Pigment Opacifier
- Synthetic Aluminium Silicate
- High Performance Opacifier
- Flash Calcined Clay
- Matting Agent
- Polyethylene Wax
- Organo Clays

Functional Additives

2

3

Retail Segments

- 20 MCC
- MinFert

Our Product Application

Partially substituting expensive chemicals in multiple industries

KAOLIN

The Sustainable
Alternative to
Titanium Dioxide

ZINKOMER

An innovative
excellence to replace
conventional Zinc
Oxide white seal in
rubber application

LC 110

Cost effective
white pigment
opacifier

FMSIL

An innovative
precipitated silica
for paint 2 coating

Natural Amorphous & Diatofcl 570

Next Generation
cost effective
silica

OUR CONTRIBUTION IN THE INDUSTRY

Paint

Specialized coating formulations with engineered pigments & pillars

The company collaborates with universities and research institutes to heavily invest in optimizing conventional extenders into new multifunctional mineral additives with novel chemistry for waterborne, solvent-borne, and powder coatings

Rubber

Collaborated with rubber associations and labs to develop specialties for partially replacing expensive traditional pigments and chemicals like Carbon Black, Zinc Oxides, and precipitated silicas.

Plastic

Ventured into development of high-end Micronized Waxes, Lubricants, and Processing Aids development for polymer, PVC, and cable industries, replacing imported products. Focus on nano composites and desiccant products reflects our commitment to industry needs

Paper

The R&D centre has formulated various innovative as well as value-added synthetic products in recent times and offering new innovative products every year.

20 Microns has prolonged association with the central pulp and paper research institute, India; which enables the company to explore the developments & requirements of all major industries using functional fillers and extenders.

Construction

Developed an innovative product pipeline which simply waterproofs and leak proof homes, making it cost effective, environment friendly and stronger concrete foundations / structures.

CORE BUSINESS CAPABILITIES & KEY STRENGTHS

BUSINESS & GROWTH STRATEGY

01

Strong product pipeline
paints, paper, rubber
industries, etc

02

Capitalizing on China+1
theme to become one
of the preferred
suppliers globally

03

Investing in innovation
will enable the
expansion of the
product portfolio and
geographical reach

04

20 Microns engages its
research efforts in
sectors with the highest
growth potential and
further capitalizes on
higher scales of
economies

05

20 Microns consistently
seeks to establish bolt
on joint-ventures with
partners around the
world, in order to
leverage synergies and
produce the highest
quality products.

GROWTH STRATEGY

Future Growth Strategy

Strategic tie ups to expand product portfolio and geographic reach

Develop value-added/specialized products aimed at import substitution

Expanding retail and distribution footprints for our retail segment

Acquisitions of mines for providing key raw materials without hiccups

The company will invest ~₹600 Mn to augment its production capabilities

What We Did In FY 2024

Inked deal with a Germany-based company "Sievert Baustoffe Auslandsbeteilligten GmbH Sievert)" which specializes in construction chemicals and building related materials.

Added ~10 products in 20 Microns Nano

New markets added: Poland, Italy and Russia

Identification of mines is under process

Invested ~₹110 Mn from internal accruals to upgrade the machinery

MANAGEMENT COMMENTARY

Commenting on the performance of Q4 FY24, the management team of 20 Microns Ltd. stated:

*We are delighted to announce that we have achieved highest ever revenue in Q4 FY24, driven by the addition of new client, expansion of our product line by adding **10+** products, and the widening of our distribution channels. Our revenue from operations increased by **22.54%** from **₹1,732.84 Mn in Q4 FY23 to ₹2,123.43 Mn in Q4 FY24**. EBITDA margins showcased **improvement to 12.50%** in Q4 FY24 from **11.86%** in Q4 FY23 led by our sustained commitment to cost efficiency. PAT stood at **₹136.66 Mn in Q4 FY24 compared to ₹93.19 Mn in Q4 FY23** showcasing a robust growth of **46.65%** on YoY basis.*

We'd also like to emphasize that the emergence of new players in the paint industry presents a significant opportunity for us, given our established reputation in the market. Furthermore, our recent expansion of the procurement network in the Middle East ensures that we can meet client requirements and acquire minerals at competitive costs, thereby enhancing our throughput margins.

Further, the recent collaboration with Sievert brings together complementary strengths and expertise, allowing us to leverage synergies and capitalize on emerging opportunities in the market. With Sievert's established presence and resources, coupled with 20 Microns' technological prowess and industry knowledge, we are well-positioned to deliver enhanced value to our customers and stakeholders. Through this partnership, we aim to expand our product offerings, enhance operational efficiencies, and accelerate our market penetration.

We recognize the significance of adjusting to shifting market dynamics and evolving customer preferences. We firmly believe that ongoing enhancement is crucial for maintaining a competitive edge. Moreover, we remain steadfast in our commitment to delivering customer-centric solutions within the industrial mineral sector. Through significant enhancements in operational efficiency, we consistently innovate our product offerings. Additionally, as part of our strategy to solidify our industry leadership and bolster our competitive position, we are actively expanding our capacities and product range.

We extend our gratitude to our dedicated employees for their hard work and to our investors and stakeholders for their unwavering support and encouragement.”

WELL PLACED TO CONTINUE THE GROWTH TRAJECTORY

BUSINESS OUTLOOK

Further penetration of retail products in agrochemicals (Minfert) & construction chemicals (20 MCC) by using a cluster based go to market strategy to ensure high customer retention & increased brand recall

Plans to invest in expanding capacity in existing locations as well as new locations. Additionally, the company further plans to acquire mines

Prioritizing the development of products with higher profitability to improve the overall financial performance

Developing superior quality product with raw materials procured from various domestic and international sources

Strengthening & developing strategic initiatives like JV with Dorfner and Sievert and capitalizing on other potential activities

1

2

3

4

5

FINANCIAL OUTLOOK

Management expects the revenue to grow by 10%-15% for the year FY25 over FY24, mainly on account of evolving product mix

EBITDA margin for FY25 to remain in a similar range as existing with likely improvement of 30-60 bps

STATE OF ART MANUFACTURING FACILITIES

CORPORATE SOCIAL RESPONSIBILITIES

Received Prestigious Ecovadis Silver Medal For It's Alwar Location With Focus On Sustainability, Ethics, Environment, Labor & Human Rights.

Healthcare & Sanitation

- ❑ Diabetics' awareness program in Vadodara district for the different classes of people.
- ❑ Complete and comprehensive free check-up services such as blood check-up, consultancy & providing of medicines to the needy & poor people including children who is suffering from the diabetics.
- ❑ Collaboration with various community based organizations, government schools, NGO's, etc for providing/conducting diabetic related awareness.
- ❑ Awareness and free consultation services to juvenile diabetic patients in Vadodara district.
- ❑ Providing aid to patients suffering from kidney disease in form of dialysis.
- ❑ Adhering to the message to taking India from diabetes capital to diabetes care capital.

Other CSR Activities

- ❑ Livelihood and skill development in various sectors/villages.
- ❑ Other Human Development Index projects.
- ❑ Providing computers and equipment to registered schools for educational activities.
